

 **Bushnell®**

### **ABOUT US**

Bushnell has been the industry leader in high-performance sports optics for more than 65 years. Our guiding principle is to provide the highest quality, most reliable and affordable sports optics products on the market to anyone who wants to ensure they never miss a moment. Whether your moment is a big buck, a 2 inch target or a beautiful landscape, Bushnell strives to make sure you never miss a moment.

### **MEMBERS/SUPPORT**

Bushnell proudly supports Folds of Honor, which provides educational scholarships to the spouses and children of service members killed or disabled during U.S. military service. Bushnell formed a partnership with Folds of Honor in 2010, and has donated more than \$650,000.

Bushnell is also a proud member of the National Deer Alliance, an organization dedicated to uniting deer hunters, managers and enthusiasts.

## IRONCLAD WARRANTY

As the name implies, this warranty bonds the workmanship and our promise to you. A new Bushnell is here. We guarantee that your product is free from defects in materials and will meet all your performance standards for the lifetime of the product, but in the event your product is not working properly we will repair or replace the product at no charge to you.

To make it easier – this full lifetime warranty is fully transferable and requires no receipt, warranty card or product registration. No hassles or extra work. Just our commitment and promise to be there for you.

All products announced on or after April 2017 are covered under the Bushnell Ironclad Warranty. For full coverage details including which products, lifetime and component details, please visit [Bushnell.com/Support/Customer-Service/Warranty](https://www.bushnell.com/Support/Customer-Service/Warranty).

# FORGE™

Offering the highest level of light transmission mixed with the most dynamic features, the new FORGE™ line from Bushnell was engineered for hunters and shooters never willing to settle for anything but the best. Featuring far-reaching magnification ranges, ED Prime glass, additional lens coatings, zero stop turrets and protected by the exclusive EXO Barrier™ coating - all designed to deliver the best light transmission and resolution possible. FORGE optics offer that expert touch when it's needed the most.

## PREMIUM FEATURES

### LONG-RANGE PERFECTED -

FORGE riflescopes come standard with a exposed, locking zero stop turrets, multiple ballistic reticles options and a Throw-hammer™ Throw Lever for quick adjustments in the field.

### HIGHEST MAGNIFICATION RANGES -

With magnification ranges from 2.5-15x50 to 4.5-27x50, FORGE riflescopes make even the most extreme distances look close by. Coupled with an easy adjustment side parallax no target is out of sight.

### UNPARALLELED CLARITY -

FORGE riflescopes deliver the best resolution and contrast possible through the use of low dispersion glass, Fully Multi-Coated lenses, and other unique processes known only to Bushnell.

### PREMIUM LIGHT TRANSMISSION -

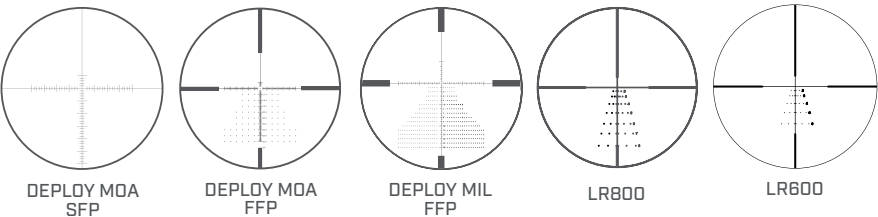

Delivering 94% light transmission, FORGE riflescope rely on Ultra Wide Band Coating to enable bright and true color in every lighting condition.

### PROTECTED FROM THE ELEMENTS -

Enhanced to fend off anything Mother Nature can throw at it, the FORGE riflescopes features our patented EXO Barrier lens coating. Molecularly bonded to the glass, EXO Barrier repels water, fog, oil, dust and debris.

## RETICLES

**COLORS AVAILABLE:** Black and Terrain // **FOCAL PLANES:** First & Second // **INCLUDED:** Butler Creek Flip-Up caps & 2.5" sunshade

## PREMIUM FEATURES

### ED PRIME GLASS –

Featuring our proprietary HDOS design, FORGE Binoculars come standard with ED Prime glass to deliver best in class color while also preventing chromatic aberration so no detail goes unnoticed.

### UNPARALLELED CLARITY -

FORGE binoculars deliver the best resolution and contrast possible even in low-light situations through the use of Fully Multi-Coated lenses enhanced with Dielectric Prism, PC-3 and Ultra Wide Band coatings.

### HIGH QUALITY ACCESSORIES -

Tripod adaptor (BF1556T only), premium EVA foam case, premium harness, neckstrap and spudz lens cloth.

### PROTECTED FROM THE ELEMENTS -

Engineered to fend off anything Mother Nature can throw at it, the FORGE binoculars features our patented EXO Barrier lens coating. Molecularly bonded to the glass, EXO Barrier repels water, fog, oil, dust and debris.

## FORGE BINOCULARS | 10

10x 30mm

**PREMIUM FEATURES**

**ED PRIME GLASS –**  
Featuring our proprietary HDOS design, FORGE spotting scopes come standard with ED Prime glass to deliver best in class color while also preventing chromatic aberration so no detail goes unnoticed.

**UNPARALLELED CLARITY -**  
FORGE spotting scopes deliver the best resolution and contrast possible even in low-light situations through the use of Fully Multi-Coated lenses enhanced with Dielectric Prism, PC-3 and Ultra Wide Band coatings.

**LIGHTWEIGHT RUGGED CONSTRUCTION -**  
Built with a Magnesium chassis, the FORGE spotting scope is built to withstand long days in the field. Its lightweight design allows it to be easily transported across the backcountry and its rugged construction provides peace of mind.

**HIGH QUALITY ACCESSORIES -**  
Included with each FORGE spotter are high quality accessories which include a premium EVA foam case, soft field cover and spudz lens cloth.

**PROTECTED FROM THE ELEMENTS -**  
Enhanced to fend off anything Mother Nature can throw at it, the FORGE spotting scopes features our patented EXO Barrier lens coating. Molecularly bonded to the glass, EXO Barrier repels water, fog, oil, dust and debris.

**INCLUDED:** Premium EVA foam case // Soft field cover

# NITRO™

The new NITRO™ family of optics from Bushnell combines enhanced features with the widest range of optical configurations. Delivering fully multi-coated lenses, first and second focal plane options, 30mm tube diameters, ED Prime glass, and Bushnell's proprietary EXO Barrier™ coating, NITRO optics provide the clarity you need when it matters most. Tested, proven and ready to go - NITRO answers the most advanced needs of today's hunters and shooters.

## PREMIUM FEATURES

### UNPARALLELED CLARITY -

NITRO riflescopes deliver the best resolution and contrast possible through the use of low dispersion glass, Fully Multi-Coated lenses, and other unique processes known only to Bushnell.

### PREMIUM LIGHT TRANSMISSION -

Delivering 92% light transmission, NITRO riflescopes rely on Ultra Wide Band Coating to enable bright and true color in every lighting condition.

### SIDE PARALLAX -

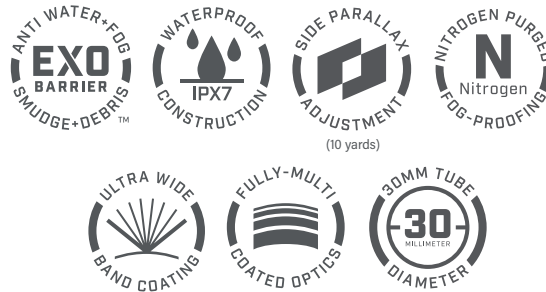

Easily correct parallax error without removing eyes from the target.

### VARIETY -

Multiple configurations include capped or target turrets, first-and second-focal plane models and multiple ballistic reticle options to meet every need.

### PROTECTED FROM THE ELEMENTS -

Enhanced to fend off anything Mother Nature can throw at it, the NITRO riflescopes features our patented EXO Barrier lens coating. Molecularly bonded to the glass, EXO Barrier repels water, fog, oil, dust and debris.

10x 42mm  
BN1042G

10x 36mm  
BN1036G

INCLUDED: Premium EVA foam case // Soft field cover

## PREMIUM FEATURES

### BOW MODE -

Provides true horizontal distance from 5 to 99 yards.

### RIFLE MODE -

Provides bullet drop/holdover data in inches from 100 to 800 yards.

### BRUSH MODE -

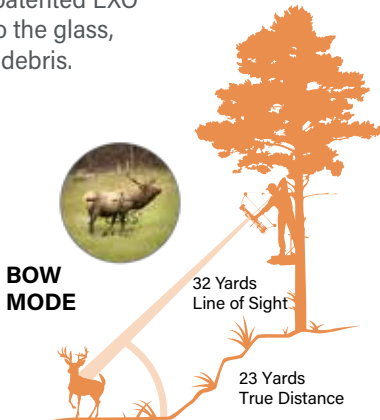

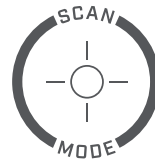

Ignores the foreground, such as brush, boulders and tree branches, and provides distances on the LCD display to background objects only.

### BULLSEYE MODE -

Geared for close-range use, this mode acquires the distances of small targets and game without inadvertently measuring background target distances. When more than one object is acquired, the closer of the two objects is shown on the LCD display.

### PROTECTED FROM THE ELEMENTS -

Enhanced to fend off anything Mother Nature can throw at it, the NITRO rangefinders features our patented EXO Barrier lens coating. Molecularly bonded to the glass, EXO Barrier repels water, fog, oil, dust and debris.

10x 42mm  
LN624KGG

INCLUDED: Premium EVA foam case // Soft field cover

# PRIME™

Bushnell's new PRIME™ family of optics answers basic necessities with straightforward features. PRIME is engineered for today's hunters and shooters who crave simplicity, stability, and results. PRIME optics combine fully multi-coated lenses and low dispersion glass with the durability needed for any hunt. It's all backed up by our exclusive EXO Barrier™ coating for protection against rain, snow, fog, and other challenging elements. Bushnell's newest family of optics ensure that you'll always be primed and ready when the magic hour arrives.

## PREMIUM FEATURES

### UNPARALLELED CLARITY -

PRIME riflescopes deliver the best resolution and contrast possible through the use of low dispersion glass, Fully Multi-Coated lenses, and other unique processes known only to Bushnell.

### PREMIUM LIGHT TRANSMISSION -

Delivering 91% light transmission, PRIME riflescope rely on Ultra Wide Band Coating to enable bright and true color in every lighting condition.

### PROTECTED FROM THE ELEMENTS -

Enhanced to fend off anything Mother Nature can throw at it, the PRIME riflescopes features our patented EXO Barrier lens coating. Molecularly bonded to the glass, EXO Barrier repels water, fog, oil, dust and debris.

### VALUE -

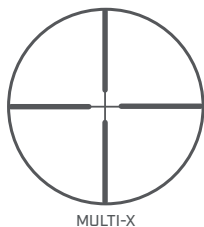

Industry-best technology at an affordable price.
